**Bridge Replacement Project**  
**Second NH Turnpike over South Branch Piscataquog River**  
**State Project No. 22892**

This project includes the replacement of the existing Second NH Turnpike Bridge over the South Branch of the Piscataquog River and approximately 450 feet of approach roadway reconstruction.

The Town of Francestown will hold a public meeting for the above-noted project. CLD Consulting Engineers, Inc., consultant to the Town, has prepared conceptual plans to show the limits of work. Representatives from the Town and CLD will be present to explain the proposal, listen to concerns, receive comments, and answer questions regarding the proposed work. The project is being funded by the Town and through the New Hampshire Department of Transportation's State Aid Bridge Program.
